

**How to apply for technology transfer from IPR (to be made online on IPR & FCIPT websites):**

1. Please go through the technology introduction provided on the website [www.ipr.res.in](http://www.ipr.res.in) or [www.plasmaindia.com](http://www.plasmaindia.com)
2. Once you are interested in a specific technology, download the Application form (Annexure-1) from the website [www.plasmaindia.com](http://www.plasmaindia.com) and fill the form as required in the form fields.
3. Submit the following forms to IPR:
  - a. Cover letter addressed to Director IPR, expressing your interest in specific technology (name the technology as listed on IPR website).
  - b. Duly filled and signed Application form (Annexure – 1)
  - c. Your company's registration details (Registration documents, Excise/sales tax, SSI, Income Tax, Service Tax registration, etc.)
  - d. Details of the top management personnel (CVs of top management/Chairman/Director).
  - e. Audited financial reports of your company (last 3 years)
  - f. 1 page business / commercialization plan on how do you/your company plan to commercialize the technology you have sought from IPR.
  - g. List of projects, installations or collaborations indicating name of company/client, year, title of the project etc. in the below given format

Sr. No.	Title of project	Client name	Place	Year

- h. Brochures/leaflets of your company.
  - i. Demand draft of Rs. 500/- in favour of **"Institute for Plasma Research A/c FCIPT"** payable at Ahmedabad towards application fee.
4. The above forms (hard copy) are to be submitted to the following address:
 

Technology Commercialization Cell  
 Facilitation Centre for Industrial Plasma Technologies  
 INSTITUTE FOR PLASMA RESEARCH  
 A-10/B, G.I.D.C. Electronics Estate, Sector 25  
 Gandhinagar – 382016 (Gujarat)  
 Ph: 079-23269002  
 Soft copies (scanned) can be sent by email to [iprtt@ipr.res.in](mailto:iprtt@ipr.res.in) .
5. Once the application has been submitted and the DD received, the request shall be reviewed by the Technology Transfer Committee of IPR. A client interaction meeting may be called by the committee, if required.
6. If the applicant is found suitable, the committee will recommend the transfer of technology, which shall be submitted for approval of Director-IPR.
